Welcome & About the Programme

Dear Student, welcome. The Yuva Ratan Olympiad Scholarship is a dedicated online educational and scholarship initiative, organised to encourage students in their academic progress.

Through this initiative, students are given access to quality online education, structured study material, test series, mentorship and career guidance — alongside a range of other academic benefits. The intent behind the programme is simple: to recognise every student's potential, encourage genuine merit, and help build a stronger foundation for their future studies and career.

THE ORGANISATION

The A-M Education Group, Pune

The A-M Education Group, Pune is an online learning platform working to narrow the educational gap between students in rural and urban Maharashtra.

OUR APPROACH

Classes, Mentorship & Guidance

The group runs online classes, mentorship courses and academic initiatives designed to give students access to quality education and the right guidance for their path ahead.

02

Vision, Mission & Objectives

VISION

An equal chance, everywhere

To give every student — in rural and urban Maharashtra alike — an equal opportunity to access quality education, and to build a strong foundation for a bright career.

MISSION

Reaching 1,00,000 students a year

To deliver quality online education, mentorship and career-oriented learning to as many as one lakh students every year.

PROGRAMME OBJECTIVES

What this initiative sets out to do

- Make quality education easily accessible to every registered student.
- Reduce the educational gap between rural and urban students.
- Provide students with mentorship and career guidance.
- Build students' confidence and sharpen their competitive-exam skills.
- Recognise meritorious students with academic encouragement and scholarships.

A Message from the Founder

Dear Students,

Education is not simply a means of passing an examination — it is a tool for building a strong foundation for your future. Every student carries some ability of their own; with the right education, the right guidance and the right opportunities, that ability can grow into real success.

Through the Yuva Ratan Olympiad Scholarship, our effort is to recognise every student's potential, connect them with quality education, and encourage their academic journey. Whether a student comes from a rural or an urban background, our aim is to give each one the opportunity to learn, to grow, and to shape their own career.

Keep faith in your effort. Stay consistent. Keep preparing.

With warm wishes for your bright future.
